

## **ENVIROMENTAL POLICY CUTTING EDGE d.o.o.**

The activity of Cutting Edge d.o.o. is operating in the textile and leather industry. Responsibility imposes on us the care of our production facilities in which we operate and the locations of Maribor Melje, where the company is located.

In the company Cutting Edge d.o.o. we are aware that responsible management of nature is the right, even for the wider environment, acceptable way of working. By managing and improving our operations, we strive to constantly reduce our impact on the environment and look for the most ecologically suitable solutions in all areas of operation. That is why we invest a lot of effort, resources, knowledge and responsibility in it.

### **PRINCIPLES:**

Basic principles of environmental policy Cutting Edge d.o.o. are as follows:

- Compliance with applicable legal and other requirements to which we have agreed and relating to our identified environmental aspects.
- Pollution prevention and ensuring that our impact on the environment is minimized.
- Monitoring regulations and accordingly directing new investments and technological solutions and introduction of new technologies.
- Continuous improvement of the implemented environmental management system and introduction of sustainable development.
- Concern for the health and safety of employees at work.
- Effective communication and cooperation with suppliers, customers, the local community, competent state institutions and other interested parties.

### **GOALS:**

Priority goals in the field of reducing environmental impacts will be achieved by implementing activities in the following areas:

- Management of consumption of all energy sources used in processes.
- Water consumption management.
- Reducing the amount of waste generated and handling it responsibly.
- Implementation of all measures to prevent and reduce the negative impact of our activities on the environment.
- Training of employees in the field of environmental protection with the aim of achieving greater responsibility towards the environment.

### **PERFORMANCE:**

Environmental policy Cutting Edge d.o.o. is an integral part of the company's business strategy, which obliges all employees to comply with the requirements of the ISO 14001 standard as the minimum basis for environmental management.

Monitoring of activities and achievement of set goals, takes place within the framework of regular reviews of the management of Cutting Edge d.o.o.

The management of Cutting Edge d.o.o. makes environmental policy known to all persons working for or on behalf of the organization and is available to the public.
